

JOB DESCRIPTION - REVIT DRAFTER

D'Agostino and Associates, LLC is currently looking for a full-time REVIT Drafter with experience in AutoCAD for their Monroe, CT office. The Drafter will be responsible for drafting low voltage, technology, audio visual, and security systems.

Candidates must have a minimum of 2 years' experience in REVIT to apply. This candidate will work directly under experienced REVIT designers. Compensation will be based on experience.

No prior technology, security or AV design experience is required. DA will train the candidate.

Job Description:

- Producing design documents in REVIT using redlines and mark-ups for low voltage systems.
- Preparing design documents in REVIT.
- Creating families in REVIT.
- Translating sketches, verbal, and written information into REVIT drawings.
- Organizing the layout of plans, details, and wiring diagrams within AutoCAD, based on redlines and comments.
- Referencing architectural models within REVIT.
- Working knowledge of BIM 360; Design collaboration & Live linking.

Knowledge/Skill Requirements:

- 2 years' experience with REVIT
- Experience with architectural models a plus

Ideal candidates will possess:

- Strong REVIT and drafting skills.
- Knowledge of Microsoft Office work suite.
- Excel knowledge is beneficial **but not required**.
- An eagerness to learn.
- A positive attitude.
- A detail-oriented approach to drafting.
- A strong work ethic.
- Ability to work collaboratively with the Design Team.
- Strong time management skills as regards deliverable due dates/timelines.

D'Agostino & Associates is a technology, physical security, and audio-visual design consulting firm with a strong presence in the educational, municipal, and commercial sectors. We work with Architects, General Contractors, Integrators, and Project Owner's throughout the country to design technology systems into their buildings. We are a busy and growing firm seeking to bring on talented and eager individuals that match our office culture and desire to deliver outstanding solutions for our clients. If you fit the above description, we would love to speak with you.
