

DECEMBER 2021

**D'AGOSTINO & ASSOCIATES**

We're providing Technology & Security design for the:  
Hope City Silos - Houston, TX

## PROJECT SPOTLIGHT

### **Norwalk High School** **Norwalk, CT**

Designed by Kaestle Boos Associates and to be built by Gilbane Building Company, the new high school will feature educational spaces and technologies for approximately 2,000 students. We are busy developing security and technology systems to meet the needs of this impressive project slated for completion in 2027.

### **Delacorte Theater** **New York, NY**

The world famous theater is moving ahead with major renovations headed by Ennead Architects. A staple of Central Park since 1962, we are thrilled to be part of the team and can't wait to be in the audience for a show once completed.

### **Amazon** **Various locations**

As Amazon continues to shape the way we shop, they are expanding at a break neck pace. We have partnered with CommNet to design solutions for their ever growing fulfillment locations. Stay tuned!

## What a year!

Are you as shocked as we are that 2021 is quickly coming to an end? Like many, we are taking a moment to reflect on what we've accomplished and what's next for DA. Despite the pandemic, we had a great year and we're hoping that our colleagues across the design industry are seeing the same surge. We are working hard to develop a few strategic partnerships which we can't wait to share with you in the coming year. Big things are in the works!

**We're on LinkedIn! Follow us to stay up to date on news and events.**

## Proud Fact:

Designing systems for the K-12 sector is near and dear to all of us at DA. We are committed to providing forward thinking solutions that help students and educators thrive.

This year our team designed & specified the installation of Interactive Learning Systems into classrooms throughout the country, allowing thousands of students and faculty to benefit from this technology.

## Welcome to the team!

Our team is growing by leaps and bounds. Join us in welcoming Jasmine Scinto and Lisa Moreland to the DA family. Both bring excellent experience and credentials to the table. Get to know them and see why we brought them on board.

**Jasmine Scinto**  
**Project Manager**

With 13 years experience in the commercial electrical and telecommunications industry, Jasmine easily manages projects from start to finish. Constantly evolving with the newest technology codes, standards, and trends she understands the delicate balance of merging tried and true systems with innovative design. Already a hit with our clients, Jasmine has quickly become an asset to DA.

**Lisa Moreland**  
**Office Coordinator**

Joining us from the residential design industry, Lisa brings much more than just business acumen. With her sharp eye and modern sensibilities, she's always on the watch for new ways to support the team and promote our services. An expert at balancing it all, she helps DA stay on target, as well as set and smash goals. Lisa's creative influence has been a welcomed addition to DA.

At DA we take things seriously, so it was a no brainer to bring in this elite team of executives to maximize oPAWrations. From tracking cookies to chasing timelines, these certified good pups keep the ball rolling behind the scenes.

Sadie D'Agostino  
Vice PAWsident

Harmony D'Agostino  
Chief Financial PAWficer

Livv Scinto  
PAWject Manager

Sullivan Moreland  
PAWsonal Assistant

---

## A word of thanks from Marc...

We have had a record breaking year, grown our team, and partnered with industry innovators for new and exciting ventures. We couldn't have done it without you. Thank you for your support as we make 2022 the best year yet!

A handwritten signature in blue ink, reading "Marc D'Agostino".
